### Per campus remote work guidance, please note:

- Remote work arrangements are not an employee entitlement, and may be discontinued or altered by the department at any time.
- Employees may request remote work arrangements but they are not guaranteed and are at the discretion of the department.

In addition, campus guidance reminds supervisors to maintain consistency (to the extent possible) in determining which staff can participate in remote work modality.

Travel may be supported on a non-sponsored fund, such as Associate Division Director Funds or DAICR returned to individual PIs, if there is a clear business justification and prior approval has been granted by the Associate Division Director or PI. If approval is not granted, travel costs will become the responsibility of the employee.

Travel supported by CU or CIRES funds requires pre-approval from the CIRES Travel Team. Requests are submitted via InsideCIRES.

*Note: If CU indicated at proposal stage that work would take place on-campus with the full overhead rate applied, a strong justification explaining the benefit of travel to the scope of work is required. Decisions on allowability of the travel cost for a remote employee on a sponsored award will be made on a case-by-case basis based on the specific need and reason for travel, and the specific award budget.*
